## A SONG OF GRATITUDE.

(By an FSA of 80 Years of Age)

These words a wise Physician said  
Stomach is a master all should dread  
Oppose his laws - for Death greets all  
Obey them - Health will triumph there!  
With grateful thanks I hail thy name  
Eno! and strive to give it fame  
Your SALT OF FRUIT can bring me ease,  
And give me comfort when I plea  
By true aperient strong or mild  
To calm a man or soothe a child

Aid Nature without force or strain  
Strengthen heart liver lung and brain  
Make the pulse neither fast nor slow  
The blood heat not too high nor low  
Obtain good health at little cost  
Relieving what would else be lost!  
To know SALT I owe a debt  
The grateful mind may not forget  
With rhyme that right in part I pay  
Experience teaching what to say - S C H

'Neglect not the body upon which the whole civil existence depends Inform yourself of what is beneficial and what is pernicious to it

### IMPORTANT TO ALL

**ENO'S FRUIT SALT** It is the best Preventive of and Cure for Biliousness, Sick Headache, Skin Eruptions, Pimples on the Face, Giddiness, Feverishness, or Feverish Colds, Mental Depression, Want of Appetite, Constipation, Vomiting, Thirst &c and to remove the effects of Errors of Eating and Drinking. It is invaluable to those who are Tired, Weary or Worn Out, or any one whose duties require them to undergo Mental or Unnatural Excitement or Strain. If its great value in keeping the body in health were universally known no family would be without it.

**A NATURAL WAY OF RESTORING or PRESERVING HEALTH** Use ENO'S FRUIT SALT (prepared from sound ripe Fruit) It is a pleasant beverage both cooling, refreshing and invigorating.

### HOT COUNTRIES - ACIDITY OF STOMACH BILIOUSNESS

Having been mentioned by Mr. Enos, or any one interested in the manufacture of Fruit Salt, or rather the dry salt of various fruits, I never think a topic is more in my mind, that I have personally used this remedy and know it of value to be exact, but really invaluable. I especially mention this because in the hot countries of the East where Acidity of the Stomach, Biliousness and Fevers are common.

J. M. LEBBINS MD

'Author of Around the World Travels in Siam, China, India, Arabia, Egypt &c

**INVIGORATING AND INVALUABLE** I have used your Fruit Salt for many years and have with it the firm belief that it is not only refreshing and invigorating but also invaluable as a cooling, refreshing and invigorating tonic of the stomach and constitution in its great value. The thanks of the public are due to you for your unceasing effort to relieve suffering humanity. Long may you live to be a blessing to the world - B. HURST AND SONS, Durham, March 1878.

### HEADACHE AND DISORDERED STOMACH

After suffering for nearly two and a half years from severe headache and disordered stomach and after trying almost everything, including much money with no benefit, any benefit I was recommended to try your Fruit Salt, and before I had finished one bottle I found it doing me a great deal of good and now I am restored to my usual health and others I know that have tried it have not enjoyed such good health for years - Yours most truly ROBERT HUMPHREYS - Lost Office Barrister

**STIMULANTS** partaking of too rich food, pastry, saccharine and fatty substances, alcoholic drinks and insufficient amount of exercise frequently derange the liver. Enos Fruit Salt is particularly adapted for any constitutional weakness of the liver. A world of woes is avoided by those who keep and use Enos Fruit Salt - All our customers for ENO'S FRUIT SALT could not be without it upon any consideration, they having received so much benefit from it - WOOD BROTHERS Chemist Jersey 1878

**RHEUMATISM** - A lady writes - I have derived great benefit from Enos Fruit Salt. I have lost a painful Rheumatic swelling around the knee joint, health has improved generally. I consider it a great blessing to the community and trust that it may be adopted far and wide.

**SUCCESS IN LIFE** - A new invention is brought before the public and commands success. A score of domineering imitations are introduced by the unscrupulous who in copying the original closely enough to deceive the public, and yet not so exactly as to injure upon legal rights, exercise an ingenuity that employed in an original channel could not fail to secure reputation and profit - Adams

**CAUTION** - Examine each Bottle and see the capsule is marked 'Enos Fruit Salt'. Without it you have been imposed on by worthless imitations. SOLD BY ALL CHEMISTS Price 2s 9d and 1s 6d

Particular attention is called to the following **TERMS** for **CASH**

*Remittances received in Cash Currency Notes, Post Office Orders or Stamps*

In order to place their Books before their constituents on the most favorable terms and to encourage cash payments Messrs THACKER SPINK & Co have decided to send **POST FREE** any English book if its cash price as advertised by them is remitted with the order or if the book is ordered to be sent by the value payable parcel system, the registration fee and postal commission only being borne by the addressee

It must be distinctly understood that the price in full must accompany the order otherwise it will not be at once attended to as one of the objects T S & Co have in view in making this large concession is to avoid the book keeping now forming such a heavy charge on small transactions

If a book is not in stock the money will be refunded or carried to account at the option of the remitter

The concession of free postage will not be allowed if books are charged to account, however promptly the account may be settled

Messrs T S & Co feel persuaded that many of their constituents would send cash if there were not the uncertainty about the postage T S & Co hope, by making the concession above announced, to do away with this uncertainty

## PUBLISHERS' NOTICE

---

THE general plan of the Directory is continued on the same lines as those which have given such satisfaction through Nineteen Editions.

The endeavour to compress matter has been continued, and it is hoped without any sacrifice of clearness and facility of reference.

The paging is continuous, and the catch words are continued, they being more useful than figures in many parts of the book.

A few new features may be noticed. On pages 283—288 will be found a NEWSPAPER and PERIODICAL Press Directory—the first attempt, it is believed, to give this for the whole of India. It is an imperfect attempt, but the Publishers hope the Managers of Newspapers will be more willing, after seeing this specimen, to aid their endeavours.

CLUBS (pages 289—292) a list of Clubs is frequently asked for by strangers, and it is hoped that this list will be found useful.

A LIST OF THE CIVIL DIVISIONS OF INDIA (pp 531—535), with the Subdivisions of each District, will form a convenient list for reference.

THE CONVEYANCE DIRECTORY (pp 819—845) has been greatly extended.

The Native names of Calcutta Streets have been given when they do not correspond with the English names.

The changes introduced last year have been continued.

The Telegraph Stations are marked by 't' in the List of Post Offices.

The List of Joint Stock Companies has been incorporated with the List of Merchants and Agents.

The List of Tea Companies is given in the Section especially devoted to Tea, Indigo, Coffee, Silk, &c.

The List of Brokers and Insurance Companies is included in the classified List of Trades and Professions.

The Army List of the Troops employed in the provinces included in the Bengal Presidency, is corrected to date.

The separate Lists of Military Officers and of the Bengal Civil Service have not been resumed, the whole of the names are entered in the General Alphabetical List.

The Publishers would take this opportunity of respectfully soliciting an earlier response to their call for information, to enable them to bring the work out at an earlier date.

To those who have not received a 'form' calling for information, the Publishers offer their apologies. They are earnestly requested to at once make known the fact, that the omission may be corrected when the time for preparing the 1882 Directory comes round.

In the calculations of the Tide Table, the times of High and Low Water have been corrected for the Moon's Parallax, as also for the Seasons, in which is included the influence due to the Sun's position, the Freshes, and the two Monsoons. Much reliance cannot be placed on what may be called the Seasonal Corrections, as they depend on the comparative force and duration of the two Monsoons and the Freshes, but it is anticipated that any errors produced by variation in those elements will be constant for a considerable portion of a Lunation, and the Table will still serve as a guide. The distances, in miles and decimals, of places in the River, given in the above Table, are measured through the centre of the navigable channels from Fort William Semaphore. The miles are geographical, of 2,018 yards each. The distances in British miles may be found by multiplying by 47 and dividing by 41. The Hours and Minutes that follow the distances, if *subtracted* from the time of High or Low Water given in the Tide Table, the remainder will give, though not quite accurately, the time of High or Low Water at the place in question. The time of High or Low Water at Barrackpore may be obtained roughly by *adding* one Hour to the time given in the Table.

The time of High Water is that at which it has reached its greatest altitude, and will commence to fall, although the tide will continue to run up about another hour. The time of Low Water is that at which it has reached its greatest depression, and will commence to rise, though the tide will continue to run down a little more than an hour.

(i.e., *Parcels and Registered Book Packets*)

1 The sender of a parcel or registered book packet may, at the time of posting, state the value of its contents in view to the amount being realized from the addressee and paid to the sender.

2 "Value-payable" articles may be posted in, and addressed to, only such post offices as are money order offices. Offices which are not money order offices are distinguished by figure 5 in the list of post offices given at page 89 *et seq*.

3 "Value payable" parcels should be packed as ordinary parcels, and "value payable" book packets should be packed in open covers, as prescribed for ordinary book packets. In both cases the sender is responsible for secure packing. "Value payable" parcels may be insured in accordance with the rules for packing of insured parcels.

4 The commission chargeable on payment to the sender of the value of the contents of a "value-payable" article will be as follows —

	Rs	As
If the value does not exceed Rs 10	0	2
If it exceeds Rs 10, and does not exceed Rs 25	0	4

And 4 annas for every additional Rs 25 or fraction thereof up to the limit value of Rs 600.

5 The commission will be deducted from the amount of the realized value when payment is made to the sender. Payment will be made by means of money orders. If a "value-payable" article is refused by the addressee, or from any cause is not delivered, payment of the value will not be made to the sender, and no claim will be made upon him, except for any unpaid postage which may have been originally due.

6 Postage will be chargeable on "value payable" parcels at the same rates as are chargeable on ordinary parcels, and it may be prepaid, or otherwise, at the option of the sender. Prepayment of parcel postage can only be made in cash. The postage (at ordinary book packet rates) upon a "value payable" registered book packet and the registration-fee (2 annas) must be prepaid by means of stamps.

7 The limit of weight (2,000 tolas) prescribed for ordinary parcels, as well as the conditions respecting size, &c., for ordinary parcels and ordinary book packets, will be applicable to "value-payable" articles. The value of the contents of a "value-payable" article may not exceed Rs 600.

8 The value of the contents of "value payable" articles, together with any postage due, must be paid by the addressees before they are delivered.

9 "Value-payable" articles will be received at the window of the post office during the hours fixed for receiving ordinary articles, i.e. (with a few exceptions) between 7 to 8 A.M., and from noon to 5 P.M., except on Sundays. They must be posted one hour at least before the closing of the mail with which they are to be dispatched.

10 "Value payable" articles, when presented at the post office window, should be accompanied by a memorandum containing the following particulars, *viz* —

- Name and address of the addressee in full
- Value of the contents recoverable from the addressee
- Date of posting

A description of the contents should not be given, unless the sender desires to insure the parcel, in which case the insurance rules must be followed.

11 Intimation of the arrival of a "value-payable" article will be sent to the addressee, and on his presenting at the post office, either personally or by messenger, the receipt at foot of the intimation duly signed, and tendering the amount of the value of the contents, together with any postage that may be due the article will be delivered. The article should be carefully examined by the addressee or his messenger before it is received, and if there be any appearance of tampering, it should be brought to the notice of the postmaster, in whose presence, if necessary, it may be opened.

## RULES FOR INSURING VALUE OF CONTENTS OF LETTERS AND PARCELS

Registered letters and parcels may be insured for the actual value, as certified on them by the sender, for transmission by inland post.

2 The facility for insuring registered letters and parcels will be made available at almost all post offices, the only exceptions being a few vernacular offices. The Government will guarantee to the sender the safe transit of insured registered letters and parcels, and will give compensation to him, within the insured value, for any actual loss occurring in transit from any cause whatsoever, except in cases of incomplete address, fraud or wrong declaration on part of sender, delivery to unauthorized agent, non intimation of loss within three months, insufficient packing though cover may seem untouched.

3 The compensation will be payable one month after the date on which intimation of loss is given by the sender to the post office.

4 An acknowledgment signed by the addressee will in ordinary course be transmitted to the sender.

5 No letter or parcel may be insured for an amount greater or less than the actual value of its contents as certified thereon by the sender.

6 The charges for insurance will be as follows —

When the value certified does not exceed Rs	50	2 annas,
	100	4 annas,
and 4 annas for every additional Rs	100 or fraction thereof	

7 The prepayment of postage, and in the case of letters the registration fee, is compulsory, and must be effected by postage stamps affixed to the article. The prepayment of the insurance fee is also compulsory. In the case of insured letters the insurance fee must be effected by stamps affixed to the letter, and in the case of parcels the postage and insurance fees must be by means of cash tendered with the article.

8 A written declaration stating the nature and value of the contents must accompany each registered letter or parcel tendered for insurance, and if currency notes form the contents or part of the contents thereof, the serial and general numbers as well as the value of each note must be written in the declaration. The signature and address of the sender must be added. This declaration will be recorded in the post office.

9 The declared value must also be certified by the sender in figures and words immediately above the address on the envelope or cover of the letter or parcel: no correction or erasure is permissible in the writing or figures of the amount certified.

10 "Value payable" parcels, *i.e.*, parcels, the value of which is realized from the addressee and paid to the sender, may also be insured, insurance, however, renders the prepayment of postage and the insurance fee compulsory.

### RULES FOR THE ISSUE AND PAYMENT OF INLAND MONEY ORDERS

Post offices generally shall be authorized to issue and pay money orders, and shall be open between the hours of 12 noon and 4 P.M. After the close of the month following the month of the date of the money order, it shall lapse: a lapsed order shall, however, be payable within two months from the date of its lapsing, if postage stamps equal in value to a second commission be affixed to the back of it. After the expiration of two months from the date of lapsing, the amount of the money order shall be forfeited.

A money order can be paid only at the office or offices of payment mentioned thereon.

## BRITISH INDIAN MONEY, WEIGHTS, AND MEASURES.

The gold Coin is the *Mohur* = 16 Rupees, but silver is the standard metal of India.

The current money is one Rupee = 16 annas, 1 anna = 12 pic.

The weight of the Gold Mohur and that of the current Rupee is the same, viz, 180 grains. 1000 Silver Rupees are referred to in the Money Market, but they are not issued, 100 Silver Rupees are equal to 106 10 8 current Rupees.

To convert Silver Rupees into current, add  $\frac{1}{8}$ th, and current Rupees into Silver, deduct  $\frac{1}{8}$ th. *Bazar Weight*—16 Chittacks are one seer, or 2 lbs 0 oz 13 dis, and 40 seers 1 maund, or 82 lb 2 ozs 3 dis 160 Bazar mounds = 110 Factory, and  $1\frac{1}{2}$  Factory mounds = 1 cwt. *Factory Weight*—16 chittacks are 1 seer, or 1 lb 13 ozs 14 dis, and 14 seers, 1 maund, or 74 lb 10 ozs 11 dis. The Indian maund = 82½ lbs Avoirdupois Weight.

## BRITISH INDIAN MONEY

1 Pic		marked P	= $\frac{1}{4}$ Farthing
3 Pic		" Ps	= $1\frac{1}{2}$ "
8 Pic	make 1 Pice	"	= 1 Penny
4 Pice or 12 Pic	" 1 Anna	" A	= $1\frac{1}{2}$ Pence
16 Annas	" 1 Rupee	" R	= 2 Shillings
16 Rupees	" 1 Gold Mohur	" G M	= £1-12

N.B.—The relative value of the money of India and England fluctuates in the money Market, thus a Rupee is sometimes worth 2s 2d, and sometimes only 1s 9d, but 2s. is the medium, or, as it called, its par value.

Cowries (*Cypræa moneta*), or small shells, are also made use of for fractional payments. Their value is subject to fluctuations. They are reckoned in Bengal —

4 Cowries	make 1 Gunda
20 Gundas	" 1 Pua
5 Pua	" 1 Anna

In the North-West Provinces —

2 Adhis	make 1 Dumree = say 7 Cowries
2 Dumrees	" 1 Chadam = " 14 "
2 Chādams	" 1 Adhala = " 28 "
2 Adhelas	" 1 Pysa = " 56 "

### BRITISH INDIAN WEIGHTS

The Unit of the British Ponderary System is called the *Tola*. It weighs 180 grain English Troy Weight. From it upwards we derived the heavy weights *viz*, *Chittack*, *Seer*, and *Mound*, and by its sub-division, the small and jeweller's weights called *Mashas*, *Ruttees*, and *Dhāns*.

The following Table gives both the series —

1 Dhān or grain	=	$\frac{1}{48}$	grain Troy	=	$\frac{1}{72}$ dt Avoir
4 Dhāns	= 1 Ruttee	=	$\frac{1}{12}$	"	= $\frac{1}{18}$ "
8 Ruttees	= 1 Mash	=	15	"	= $\frac{1}{15}$ "
12 Mashas	= 1 Tola	=	7 dwt 12 "	=	$6\frac{1}{2}$ "
5 Tolas	= 1 Chittack	=	1 oz 17½ dwt Troy	=	2½ oz "
16 Chittacks	= 1 Seer	=	2½ lbs Troy	=	2½ lb "
40 Seers	= 1 Mound	=	100 lbs Troy	=	82½ lb "

*N B* — The Mound is exactly equal to 100 English pounds Troy, and 35 Seers are exactly equal to 72 pounds Avoirdupois.

### TO CONVERT INDIAN WEIGHT INTO AVOIRDUPOIS

Multiply the weight in Seer by 72 and divide by 35, the result will be the weight in lbs Avoirdupois, or multiply the weight in Mounds by 36, and divide by 49, the result will be the weight in cwt Avoirdupois.

### TO CONVERT AVOIRDUPOIS WEIGHT INTO INDIAN WEIGHT

Multiply the weight in lbs Avoirdupois by 35 and divide by 72, or multiply the weight in cwt by 49, and divide by 36, the result will be the weight in the former, in Seers, in the latter in Maunds.

A Ton is equal to 27 222 Maunds, or 27½ Maunds nearly.

### BAZAR WEIGHT

5 Sickr* or Quarter Rupee	make 1 Kancha
4 Kanchas*	1 Chittick
4 Chitticks, or 20 Tolas	" 1 Powah
4 Powahs	" 1 Seer
5 Seers	" 1 Pusseree
8 Pusserees, or 40 Seers	" 1 Mound

To reduce Bazar weight into Factory weight, add 1-10th

Thus	3,000 Bazar Maunds
Add 1-10th	300

3,300 Factory Maunds

To reduce Bazar weight into Cwt, add 1-10th and deduct 1 3rd of that sum, the remainder will be Cwt

Thus 3,000 Bazar Maunds

Add 1 10th 300

3,300

Deduct 1-3rd 1,100

Remainder 2,200 Cwt

To reduce Factory Maunds into Tons, divide by 30, and the quotient will be the answer

Thus Factory Maunds 3,000 — 30 = 100 Tons

\* These are Bengal weights, and not used in the N - W Provinces

## EXAMPLES

Required the value per lb of Indigo at Co's Rs 200 per Factory Maund, Exchange at 2s per Co's Rupee

In the Table in a line with 2s, and under per lb at Co's Rs per Factory Maund, is the Number 001339, which, when multiplied by Co's Rs 200, will give 2678 decimal of a £ Sterling or 5s 4½d

Required the value per Cwt of Sugar at Co's Rs 7 8 per Bazar Maund, Exchange at 2s 1d per Co's Rupee

Opposite to 2s 1d, and under per Cwt at Co's Rs per Bazar Maund, is the Number 142, which, when multiplied by Co's Rs 7½, will give the value in £ Sterling expressed decimally, 1065, or £1 1s 3½d

Required the value per lb of Quicksilver at Current Rs 4 per Factory Seer, Exchange at 2s per Co's Rupee

In a line with 2s, and under per lb at Current Rs per Factory Seer, is the Number 04926, which, when multiplied by Current Rs 4, will give 19704 decimal of a £ Sterling, or 3s 11½d

## INDIAN CLOTH MEASURE

3 Jobs make 1 Ungli	say = $\frac{3}{4}$ Inch	8 Girahs make 1 Hath	say = 18 Inches
3 Unglis „ 1 Girah	„ = $2\frac{1}{4}$ Inches	2 Haths „ 1 Guz	„ = 1 Yard

N B — The Guz varies in different localities from 24 to 36 Inches

I here appear to be no Indian measures of capacity for Dry and Liquid goods, which are sold by weight. Wherever, for the sake of convenience, measures are employed, they are intended to represent some specific weight of a *Seer*, *Chittack*, &c

## LINEAL MEASURE

Notwithstanding that the cubit or human fore arm is the basis or unit in Oriental and Western Countries, there is no fixed standard established in India

In Bengal the measure mostly used is the following —

1 Hath (Cubit)	=	18 Inches
4 Haths = 1 Danda	=	2 Yards
2000 Dandas = 1 Coss		

The Coss or Bengal mile is equal to 1 mile, 1 furlong, 3 poles,  $3\frac{1}{2}$  yards English

The Indian Imperial Coss is equal to  $2\frac{1}{2}$  miles nearly

In the N W Provinces, the average distance is about 2 miles, but it differs in almost every province in the country. For instance, in Agra and Muttra, the coss is about  $1\frac{1}{2}$  miles, towards the Hills the coss is a little more than a mile, in Bundelcund is three times as long as in other parts, and is called a *Pucca Coss*, while in the Doab is the *Gow Coss*, or as far as the lowing of a cow is heard at dead of night

## BENGAL SQUARE OR LAND MEASURE

11 Chittacks	=	45 Sqr Ft or	5 Sqr Yards
16 Chittacks	= 1 Cottah	= 720 „ or	80 „
20 Cottahs	= 1 Beegah	= 14,400 „ or	1,600 „

20 Suswansee	= 1 Kuchwansee	20 Biswansee	= 1 Biswa
20 Biswa			= 1 Beegah

This is, however, no fixed standard Beegah, almost every district has its own Beegah of local measurement. Besides these there are *Cucha* and *Pucca* Beegahs, the latter generally three times larger than the former

# LIST OF INDIAN POST OFFICES AND TELEGRAPH STATIONS

## Explanation of letters and figures

*Capital Type* is used to denote *Head Offices* such offices receive correspondence of all kinds by the most direct route. The first name is the name of the Post Town. The second name is the name of the Postal Circle.

Letter "s" denotes a *Sub Office*, which receives unpaid or insufficiently paid correspondence only through its Head Office, even though the route may be circuitous. It is advisable, therefore to prepay correspondence intended for delivery by a Sub Office. The first name is the name of the Post Town. The second name is the name of the District and where this is printed in the same column with the Post Town, with a hyphen between them, it should be added in addressing letters so as to distinguish the Post Town from other offices of the same or a similar name in other districts. The third name is the name of the Postal Circle.

Letter "r" denotes a *Receiving Office*, at which articles may be posted under the same conditions as at any other Office. Receiving Offices are not allowed to pay money orders, and they only issue money orders when authorized by the Post Master General to do so. A Receiving Office is reckoned as a part of the office under which it is printed, bearing the same name as that office, though distinguished from it by a number. It performs the functions of the office to which it belongs in such matters as are determined by the Post Master General. Receiving Offices are subordinate to the Post Master of the Office under which they are printed, except those specially marked with figure 2 as subordinate to Superintendents of the Railway Mail Service.

Figure 1 indicates offices liable to confusion from similar spelling.

Figure 3 denotes that all parcels addressed to offices in Beloochistan and Afghanistan situated beyond Jundi Kotal (Khyber route), Alilhalil (Kurrim route) and Jacobabad (Quetta and Kandahar route), must be fully prepaid. In such and value payable parcels cannot be received for transmission to these offices.

Figure 4 indicates Season Letter Offices.

Figure 5 indicates offices which are not Money Order Offices, and which cannot receive or deliver value payable articles.

Figure 6 indicates offices to and from which insurance is only partial, losses on certain portions of outlying mail lines being excepted from insurance. The insurance rates charged in such cases are half the usual rates.

|| There is no Post Office at the places so marked but fully prepaid ordinary letters and packets addressed to it will be made over to the Commanders of the Steam Flotillas for delivery, if possible. No unpaid article, or registered article, nor any parcel, can be forwarded in this way.

Letter "t" stands for Telegraphic Offices.

# MOFUSSIL DIRECTORY.

The general plan of this Directory is to give all the information it has been possible to gather relating to Government Officials and Employes and Non Official Residents under the name of each District, but occasionally to place it under the name of the Station when it seems of sufficient importance.

When the name of the Sudder Station does not happen to be the same as that of the District, a reference to the list of Post Offices or List of Principal Places immediately preceding this Directory will easily enable any one to find the name of the District.

## AGRA—A District in the North-Western Provinces

The Station is situated on the right bank of the River Jumna 342 miles by rail from Calcutta, and 801 by the Grand Trunk Road. Population of the City, about 150,000. Elevation, 650 feet above the sea. Lat 27° 10' Lon. 78° 5'

There is one Dak Bungalow in the Station and others at Fath Lianah, Jurruckabad, Gursahaingunge, Mynpoory, Shikhabad, and Muttra.
